

ECL Reagent Kit

Cat # GLB 1: Chemiluminescent Reagent Kit For Western Blotting (200mL)

Only \$137.00!

Cat # GLB 2: Chemiluminescent Reagent Kit For Western Blotting (500 mL)

Only \$297.00

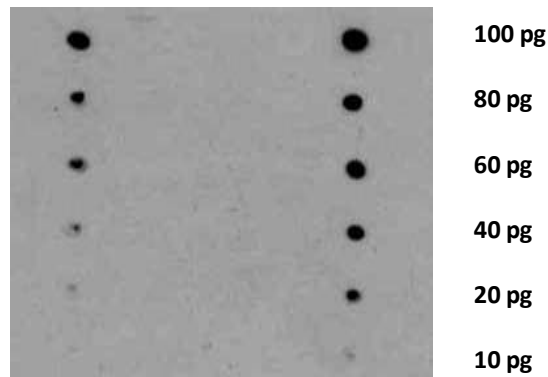

200 mL size (100 mL of Reagents A and B)

500 mL size (250 mL of Reagents A and B)

High sensitivity and signal strength

Easy to Use:

- Simply mix equal volumes of Reagents 1 and 2
- Apply directly to membrane

Competitor Detroit R & D
Comparison of Detroit R & D Chemiluminescent Reagent Kit versus a competitor's kit following a two minute exposure time.
