

## GSTZ1 Antibody

(50 µL)

Catalog Number: **DRD27882**

Store at -20°C.

FOR RESEARCH USE ONLY

The logo for Detroit R&D, Inc. features the company name in a red, serif font inside a blue rectangular box. Above the box are two blue peaks, and below it are three blue curves, resembling a stylized waveform or a bridge.

**Alternative Names:** MAI; MAAI; GSTZ1-1

**Preparation:** Polyclonal antibody for GSTZ1 was produced by immunization of a rabbit with a synthesized peptide derived from the internal region of human GSTZ1.

**Specificity:** The antibody recognizes GSTZ1 from human, mouse, and rat.

**Form:** liquid; PBS, pH 7.4, with 50% glycerol and 0.02% azide.

**Storage:** Avoid repeated freezing and thawing by dividing the contents into aliquots and storing at -20°C.

**Western Blot:** Dilute antibody 1:500-1:1000 fold in TBS containing 5% non-fat milk and incubate for a minimum of two hours. We recommend a 1:5000 dilution of conjugated anti-mouse secondary antibody in TBS containing 5% non-fat milk for 1 hr incubation.

**IHC:** We recommend diluting the antibody 1:50-1:200 with an overnight incubation.
